Business Description: Our Company is a leader in providing top grade construction services to our customers by creating a successful partnership with them throughout the construction process. Our pledge is to establish lasting relationships with our customers by exceeding their expectations and gaining their trust through exceptional performance by every member of the construction team.

Company Background: Ortiz Group Engineering and Construction Services is a family corporation founded on 1998. The corporation is a General Contractor and Services Provider including A/E, Engineering and Grounds Maintenance with an emphasis in Commercial / Industrial projects. Partners had been related to this market for the past 25 years.

On 2014, in an effort to diversify and expand our operations, Ortiz Group Contractors, LLC was founded in San Antonio, TX with a Sole Proprietorship.

Products & Services: General Construction Services, IT-Communications Infrastructures Including Directional Drilling, Project Management Services, Environmental Projects, Renewable Energy Conservation Projects, Design-Build Projects, Civil Engineering Construction, Electrical Construction, Electrical Design Projects, Building Maintenance Services, Ground Maintenance Services.

Technology / Special Know-how: OG counts with the latest technology in estimating (4-Clicks, On Screen Take Off), accounting (SAGE Contractor) and project management tools (PRIMAVERA, MS PROJECT). Our diverse construction portfolio and specialized divisions ensure that each project is matched with appropriate resources and expertise. Through technical skill, pre-construction know-how, and self-performance capability, we anticipate project challenges, develop solutions that meet clients' objectives, and deliver award-winning projects.

Markets: Our present market is composed mainly of federal agencies (GSA, USCG, ARMY), and private clients like MasTec in TX, Sistema Universitario Ana G. Mendez (SUAGM) in Puerto Rico and the US Virgin Islands. We continue to identify business opportunities with the public, and private sector, with a special interest in the industrial sector as government opportunities in the Continental United States of America.

Distinguished with the SBA Minority Small Business Person of the Year Award 2009
